

How-To Stop Negative Thoughts at Work

Stress can cause us to get distracted with negative thoughts, which impacts our work and personal lives. It's important to find a way to overcome your negative thoughts to maintain healthy relationships, productivity, and attitudes.

Learn how to stop your negative thoughts at work with the following tips:

The First Step: Recognize Your Negative Thinking

The first step is to recognize your negative thinking. If you cannot recognize negative thoughts, you will not be able to fix the problem.

It could be as simple as someone not wiping down the table in the break room, getting called into another meeting when you have piles of work, or a customer complaint. Discover your triggers.

Changing Your Negative Thinking

Positive Self-Talk

Now that you recognize your stressors, use positive self-talk when the thought goes through your head.

Positive self-talk is not deception. Internal messages can evolve stressful situations into opportunities.

To achieve positive self-talk, write down a few messages that you can tell yourself, such as:

- Stop
- Get out of my head

Or something more colorful!

Get Around Positivity

Your environment will affect your mindset. Surround yourself with positive people. If your friends are dragging you down then decrease time spent with them. If you work in a negative work environment then you may consider changing jobs. As a Specialty Recruiter, I can help employees in the pharmaceutical and medical device industry find jobs that provide a supportive and healthy work environment.

Focus on the End Result

Accomplishing a goal can be frustrating. Keep the end result in mind to overcome hurdles that slow the process.

Why are you going through this process?

How will it help your company?

Drop the Expectations

If we have high expectations, we will often be disappointed when our plan falters. Be flexible with your plan. For example, you may have to work with a co-worker unexpectedly. Recognize that they bring different knowledge that could benefit the project.

Create a Healthy Morning Routine

Your morning routine can affect the rest of your day. Start your day with healthy choices to prevent negative thoughts. The following are a few practices that you could fit into your morning to achieve a more positive day.

- Stop hitting the snooze button
- Yoga or meditation
- Healthy breakfast
- Drink a glass of lemon water
